24 June 1999

Mission

- **Develop near-term operational concept for Homeland Defense (HLD)**
- **Establish a Homeland Defense Center at Fort Leonard Wood (FLW) on 1 Oct 99**

TRADOC White Paper

Title: *Supporting Homeland Defense (18 May 99)*

- **Prepared by Joint and Army Doctrine Directorate**
- **Framework for Army support in a joint, interagency, and multijurisdictional context**
- **Basis for concept and doctrine development**
- **Approved by CG, TRADOC on 25 May 99**

Next Step: HQDA approval

Proposed HLD Definition

Homeland defense is protecting our territory, population and critical infrastructure at home by:

- *Detering and defending against foreign and domestic threats.*
- *Supporting civil authorities for crisis and consequence management.*
- *Helping to ensure the availability, integrity, survivability, and adequacy of critical national assets.*

Continuation of the Constitutional requirement to protect United States population and territory

Support to Interagency Process

Protect Strategic Forces and Means

Army's Role in HLD

- Force protection
- Support to crisis management
- Support to consequence management
- Protection of critical assets
- Support to counterterrorism
- Deterrence/defense against strategic attack
- Military Assistance to Civil Authorities (MACA) to include:
 - Military Support to Civil Authorities (MSCA)
 - Military Assistance to Civil Disturbances (MACDIS)

Army HLD Concept/Doctrine

- **SHAPE**

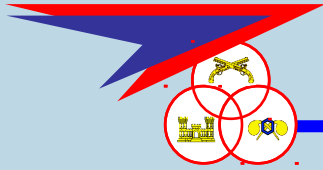

- *Intelligence, Surveillance, and Reconnaissance*
- *Domestic Preparedness*
- *Force Protection*
- *Critical Asset Assurance Program*

- **RESPOND**

- *NG Military Support Detachment (RAID)*
- *U.S. Army Technical Escort Unit*
- *Medical and Chemical Support Units*
- *Other Army assets*

- **PREPARE NOW**

- **DTLOMS integration**
Improve upon existing readiness and capabilities
Develop new capabilities, technologies, and techniques

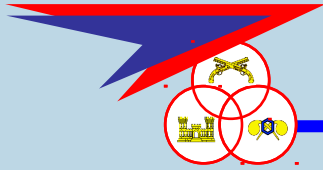

Center of Excellence for HLD

Intent

Establish a Total Army Homeland Defense Center at FLW on 1 October 1999 that will:

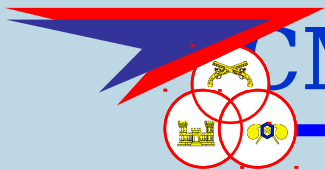

- Initially, integrate Chemical, Engineer, and Military Police proponent responsibilities:
 - Defense against WMD
 - Response to Manmade Disasters
 - Response to Civil Disturbance
 - Force Protection

Why Within MANSCEN

- **Proponency for 3 principal branches responsible for Army's role in HLD including including DoD Executive Agent for NBC Defense**
- **Doctrinal SMEs**
- **Institutional courses**
- **Responsible for doctrinal & training publications**
- **Materiel development responsibility**
- **Force structure responsibility**
- **Battle lab to support experimentation**
- **World class training facilities (CDTF, CATE, MOUT, ranges)**
- **Resident RAID Team at FLW**

Apply Requirements Determination Process to HLD

CMLS WMD Support to HL

Doctrine

- DOMS Doctrine/Training Work Groups
- JP 3-11, "Joint Doctrine for NBC Defense"
- FM 3-4-1, "Fixed Site Protection"
- Draft RAID Operations Chapter for FM 3-21
- Draft Operational Concept for WMD-HLD, TRADOC Pam 525-XX

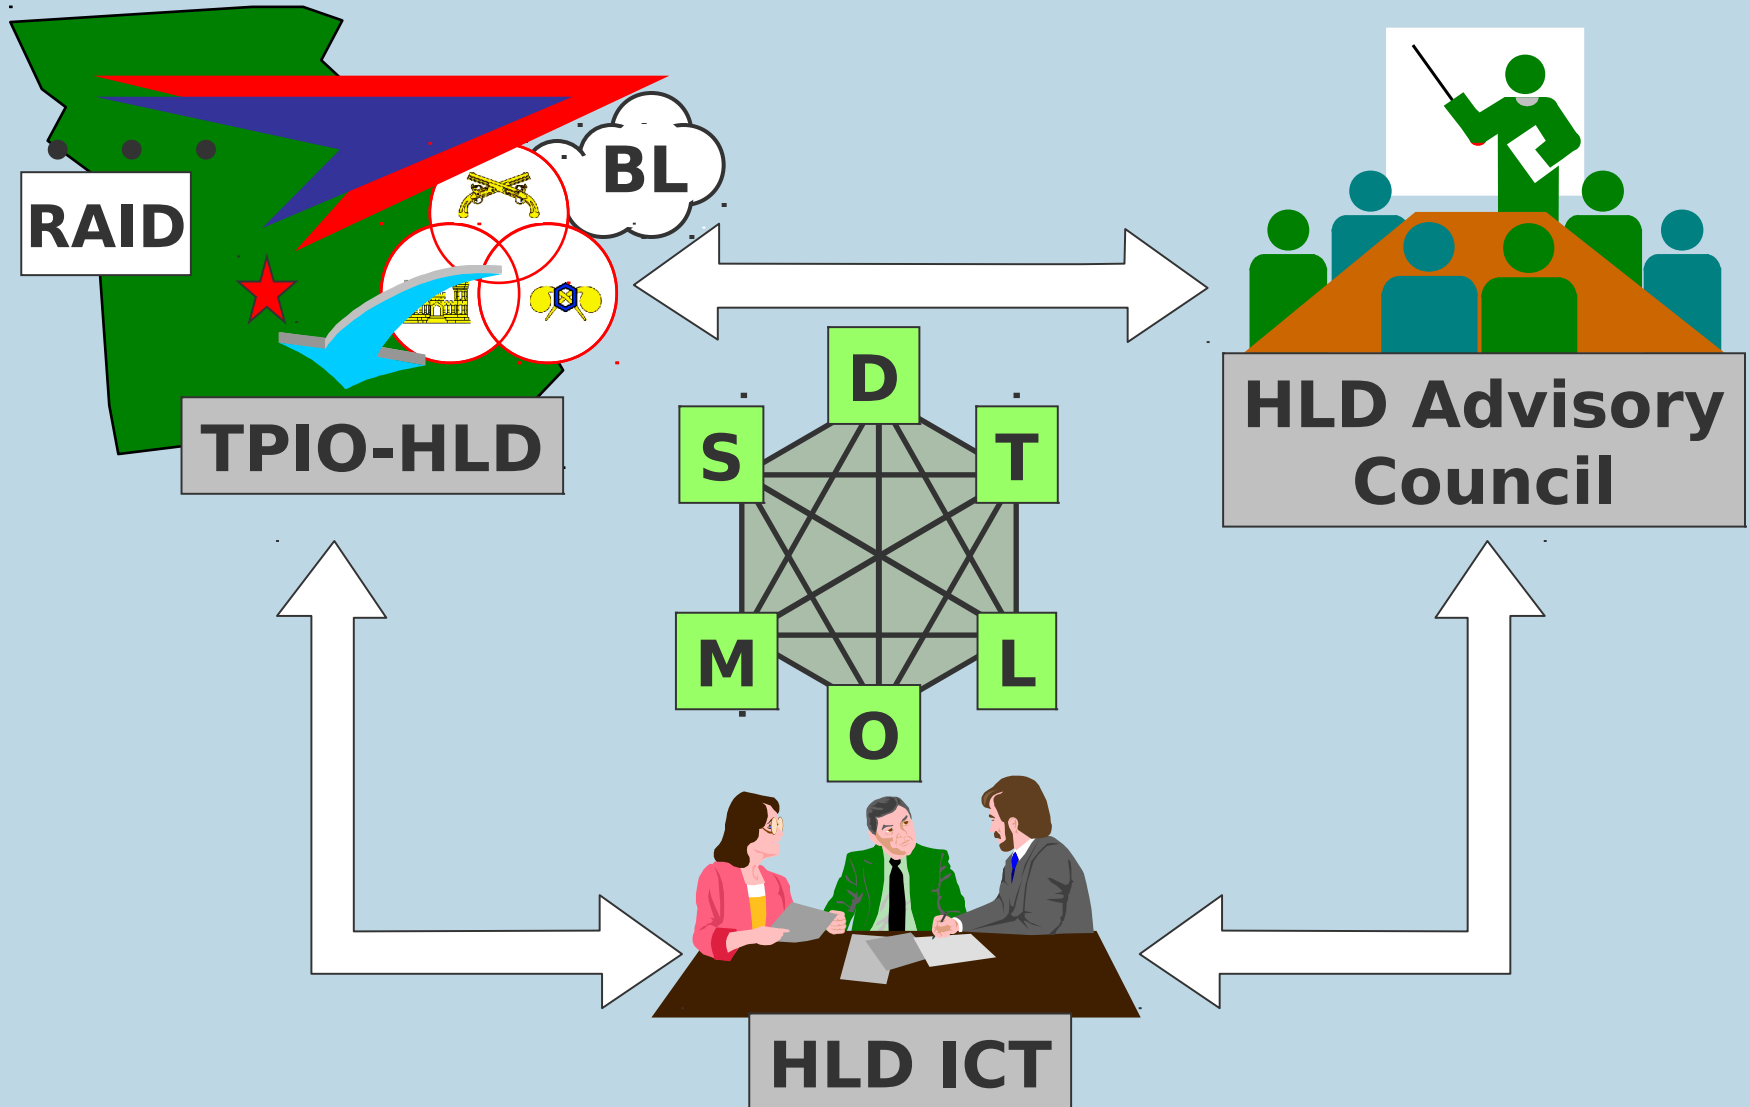

Training

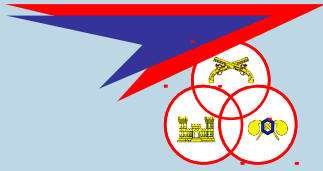

- Chemical/Biological Countermeasures Course
- RAID Training
- RAID Training Literature Support
- WMD AT/FP Training (Level I)

Leader Development

- RAID PCC
- WMD AT/FP Training (Level II-IV)
- Joint Senior Leaders' Course

Implementation Strategy

Proposed TPIO-HLD Charter

- **Centralized manager for coordination and synchronization of all HLD requirements for:**
 - **current operations**
 - **combat developments**
 - **training**
 - **modeling and simulations**
- **Integrator of HLD live, virtual, and constructive modeling and simulation for:**
 - **Training, Exercise, and Military Operations (TEMO)**
 - **Advanced Concepts and Requirements (ACE)**
 - **Research, Development, and Acquisition (RDA)**

Resources

✓ To establish TPIO-HD

- **Personnel**

- One Colonel - Two GS-12 Civilians
- One Major - One GS-6 Secretary

- **Cost**

- Travel \$77K
- Supplies/Equip 8K
- Printing 4K
- Contract Spt 125K
- Computer 18K
- Civilian Labor 168K

} \$400K estimated

✓ Additional resources identified along with requirements through the ICT process
